SHIPYARD & SERVICES GUIDE

# FOR THE BEST IN REPAIR AND REFIT, YOU HAVE A CHOICE.

**Actually, you have three.** With yards in New York, Maine and Florida, we have the East Coast covered. Derecktor NY, located right on Long Island Sound, Derecktor ME on Georgetown Island and Derecktor FL, located at the epicenter of yacht service near Fort Lauderdale, offers yachtsmen the capabilities, experience and expertise of one of the world's great yacht builders. We do it with facilities that can handle virtually any job, no matter the size or complexity, and we do it with master craftsmen in all trades. Combined with unrivalled engineering and project management abilities, these strengths have made Derecktor rightly famous for superb work and impressive technical advances in both new construction and repair. Add seven decades of jobs done right and a commitment to do the same for each and every client and it's abundantly clear: wherever you're headed, whatever the job, Derecktor is your best course.

---

*"Derecktor's workforce and great relationship with outside vendors is the reason for their success. From the front office to the bottom crew, everybody has the "let's get it done right" attitude. They take great pride in your project."*

– Captain Doug Coe, m/y Hilarium – 137' Hakvoort

---

*"With the Harle, we asked the impossible and the yard made it happen. The list of tasks that we accomplished is amazing. The project was on time and the work performed was of the highest quality."*

– Captain Glen Allen, m/y Harle – 147' Feadship

---

*"The project's magnitude surpassed our expectations and we are truly amazed at the complexity and thoroughness of what has been accomplished. During our time at the yard we have always found a complete "can do" attitude and at all times have had complete trust that we were being treated fairly."*

– Roberto de Guardiola – owner m/y Highlander – 164' Feadship

---

*"I would like to extend a thank you to the entire Derecktor team for a job well done. A top to bottom paint job in conjunction with a ten year Lloyd's survey is no easy task. The crew at the Florida yard not only got it done with no drama but got us out ahead of schedule so we could get on with a busy Mediterranean charter season."*

– Captain Butch Vogelsang, m/y Dream – 170' Feadship

---

*"On April 18th, 2015 the Dorothea III docked at Derecktor Shipyard in Ft Lauderdale. It has been 3 1/2 years, nearly 65,000 nm and over 51 countries visited since the vessel departed Derecktor after an extended refit. The vessel performed flawlessly throughout and I attribute this to the quality of workmanship, attention to detail, and the organized, knowledgeable management team at Derecktor Florida."*

– Captain John Crupi – m/y Dorothea III – 147' Cheoy Lee

# SERVICES

## FLORIDA

Derecktor of Florida has over 50 years of experience with service, repair and refit work. The location opened in South Florida in 1967 and covers more than 17 acres along the Dania Cut-Off Canal adjacent to the yachting hub of Ft. Lauderdale. As South Florida's most complete marine repair facility, Derecktor caters mainly to power, military and commercial craft, as well as sail and sportfish yachts and has become a pole of attraction for a global fleet of mega- and super-yachts in need of repairs or major refits.

## MAINE

The site of Derecktor Robinhood has a rich history of maritime activity dating to the 1700s. Coastal schooners, fishing boats, passenger steamers and yachts have all called scenic Riggs Cove home. Today, Derecktor Robinhood is a modern 115 slip marina and full service boatyard. Derecktor Robinhood is also home to the popular Osprey restaurant, Spartan Marine Hardware and the floating cottages of Riggs Cove Rentals. The seaport village setting includes several historic buildings giving customers a unique blend of New England ambiance and Derecktor's renowned service.

### LOCATION
