Who we are

The **Agenzia Palombo s.n.c.** of Palombo Fabrizio & Co. was founded in 1976 following a family tradition. The owner and manager of the agency, Fabrizio Palombo, decided to begin his own business as a means of concentrating his valuable professional experience gained whilst working for many years in this field, putting to use the knowledge learnt from both his father and brother.

The agency is based in Porto Santo Stefano which is the main town on Monte Argentario, the splendid headland situated in the heart of the Tyrrhenian coast. The agency works on behalf of ship owners and businesses working in the nautical sector, carrying out tasks both as a shipping agency and as custom brokers. The Agency also acts as ship's agent for shipping lines operating in the passenger or freight field, and also in the fishing boat sector. Furthermore, the Agency works as custom brokers for a vast number of local and other clients.
